

LETS GET INVOLVED IN WORLD WATER DAY WEDNESDAY THE 22ND OF MARCH 2006

World Water Day was declared by the United Nations as a day to focus on water and sanitation issues around the world. World Water Day aims to raise awareness of global water problems and encourages us to learn more about water conservation and usage.

-

*Come along and visit us at
Reid Street
Wangaratta (near National Bank)
from 10am-3pm*

NORTH EAST WATER

Participate and learn:

- Water saving tips for your home/garden:
- The importance of Water Quality
- How the stormwater Catchment model works
- What plants are suitable for a Water wise garden

For more information please contact:
Carolyn Humby Waterwatch Coordinator on: 0260 437622
