Water– Learn It! Live It!**OUTLINE****A water conservation and education program for Victorian schools**

The Professional Development Day session is based on the '*North East Victoria's Environmental Educational Resource*' **Water– Learn It! Live It!**

Water– Learn It! Live It! Developed by Victoria's Government owned Water Businesses in response to the Government recognising the importance of education as a tool to reduce water consumption and improve water management across the school community.

The Session will provide the opportunity for teachers, principals and school leaders to:

- Find out why your school program should incorporate water education
- Discover what Water– Learn It! Live It! Is all about and how it relates to VELS and KLA's
- Integrate the resource into your school curriculum across a broad number of subjects
- Achieve learning objectives through water education
- Find out more about the North East Waterwatch program and its partner organisations
- Provide a fun and interactive education program in your school
- Participate in interactive demonstrations you can use in the classroom and outdoors,
- Conduct school water audits.

**The Day is designed for:**

- All primary and secondary schools in the North East
- Curriculum Coordinators
- Principals
- School leaders
