# shaping our future

The Victorian Landcare Forum is an opportunity for community Landcare to provide leadership and support to strengthen Landcare's contribution to sustainability in Victoria.

It is a place to come together, to celebrate achievements, adapt to change and shape our future.

The forum will explore four key themes including:

- ➔ Increasing community participation
- ➔ Developing new and stronger partnerships
- ➔ Landcare leading and adapting
- ➔ Visions for the future

The forum will bring together Landcare members, other community members, a variety of Landcare stakeholders and agencies and organisations that have a role in supporting community Landcare.

The program will consist of stories from the regions, plenary sessions, keynote speakers and social activities. A detailed Forum program and registration details will be released late March.

For more information email the Forum Secretariat via [landcare.forum2008@dse.vic.gov.au](mailto:landcare.forum2008@dse.vic.gov.au) or contact your Regional Landcare Co-ordinators per below:
